Our
Philosophy

We have the
perfect spot!

Calvary Kid Care offers an environment that fosters Christian faith and discipleship within the family. We believe meaningful learning involves active, first-hand experience and participation.

Therefore, we provide each child with an educational experience designed to help him/her grow intellectually, socially, spiritually, emotionally, and physically.

We maintain a program that is child-centered and experience-based. We believe young children need to feel loved, valued, and enjoyed.

Calvary Kid Care emphasizes and supports family responsibility and involvement as a key part of a young child's learning experience.

Calvary Kid Care is centrally and conveniently located on the CATA bus route close to PSU and downtown State College.

Calvary Kid Care is licensed by the State Department of Public Welfare and will be working with the Keystone Stars Program to continue to develop and improve our center.

We look forward to
PARTNERING
with your family!
